Sale Rams 2022

Preparation for Sale is in full swing. Tops were shorn 24th February and regulation tagged. The remainder were shorn 3 weeks later and have spent more time out in the paddock.

This years rams are growing out very well. Data collection has been taken to prepare as much information for clients to make informed purchases.

Website Updated

We have recently revamped our website. Make sure to check it out - www.callowie.com.au

Stay tuned for sale updates and our catalogue will be available in late July/early August for download.

Physical copies will be available at our Inspection Day and Ram Sale, or contact us to have a copy posted out directly to you.

Lambing

After pleasing pregnancy scanning results, then lambing, our ewes have been able to achieve 115% lambing for 2022. We are very happy with how the ewes and lambs have performed this season.

We have worked with Jess Revell from Ruminant Livestock Services to ensure management of our ewes from pre-joining right through to weaning was optimal.

Our stud lambs were looking great at lamb marking.

On the Farm

There has been a bit happening around the farm lately. We have almost completed our yard upgrades.

Major fencing has been undertaken, including subdividing paddocks, boundary fencing with neighbours, and creation of confinement pens for commercial flock.

We have also undertaken a tree planting program in 2022 – Paddock Tree Project.

Follow us on Facebook for more updates.
